

For almost ten years we have been manufacturing and marketing a food product called Hemp Hearts (shelled hemp seed) which, by laboratory analysis, is an excellent source of protein, omega fats and essential nutrients, but which contains virtually no sugar or starch.

Please describe yourself and the length of time that you have been using Hemp Hearts:

Please describe your experience regarding hunger and Hemp Hearts:

In the morning I do not have 5 Table spoons I only have 2 Table spoons and spread the rest out in the remaining meals. Therefore at noon I just have some fruit or salad with some more hemp.
