For almost ten years we have been manufacturing and marketing a food product called Hemp Hearts (shelled hemp seed) which, by laboratory analysis, is an excellent source of protein, omega fats and essential nutrients, but which contains virtually no sugar or starch.

Please describe yourself and the length of time that you have been using Hemp Hearts:

I WORK IN HEALTH CARE - AND I'M CLOSE TO RETIREMENT. I HAVE BEEN TAKING HEMP HEARTS FOR SEVERAL YEARS. THEY WERE RECOMMENDED BY MY NUTRITIONIST. EVEN THOUGH I WORK IN HEALTH CARE - I KNOW - FROM OBSERVATION - THAT TO REGAIN HEALTH - OR MAINTAIN HEALTH - NUTRITION CARE WORKS!

We claim that because of the protein content of Hemp Hearts those who eat five heaping tablespoons of Hemp Hearts early each morning will not normally be hungry at lunch time and will be able to avoid the starches usually consumed for lunch.

Please describe your experience regarding hunger and Hemp Hearts:

We advise customers that Hemp Hearts should be eaten for breakfast with unblended raw fruit and vegetables (no fruit for diabetics) so that the long fibers in these foods will knit wastes together to ensure that individuals are not too loose, but that they clean out thoroughly.

Please describe your experiences regarding digestive health and Hemp Hearts:
