

we advise customers that Hemp Hearts should be eaten for breakfast with unblended raw fruit and vegetables (no fruit for diabetics) so that the long fibers in these foods will knit wastes together to ensure that individuals are not too loose, but that they clean out thoroughly.

Please describe your experiences regarding digestive health and Hemp Hearts:

I have my Hemp Hearts with a little cream and usually have fresh strawberries with it. I find it helps very much with my digestive system. I can tell if I don't use them.

For almost ten years we have been manufacturing and marketing a food product called Hemp Hearts (shelled hemp seed) which, by laboratory analysis, is an excellent source of protein, omega fats and essential nutrients, but which contains virtually no sugar or starch.

Please describe yourself and the length of time that you have been using Hemp Hearts:

It's just been a few months but I love them. It has really improved my digestive health. Also my daughter is allergic to eggs so I'm glad she gets the protein from hemp seed.
