

Please describe any internal changes experienced relative to pain and tissue inflammation:

I have no pain and no inflammation. The past year I have not had one cold or flu. It has been a good year health-wise.

Please describe any internal changes experienced relative to pain and tissue inflammation:

WE HAVE HAD ~~VERY~~ FAR LESS PROBLEMS, (ALMOST NONE!), SINCE USING HEMP HEARTS. NO PAIN! NO TISSUE PROBLEM! (UNLESS WE NEGLECTED TO USE HEMP HEARTS!)

Please describe any internal changes experienced relative to pain and tissue inflammation:

2 1/2 years ago I had a lot of leg & back pain. hemp hearts as one of the products I take daily & I am in good health despite cancer & very little pain now.

Please describe any internal changes experienced relative to pain and tissue inflammation:

I am now experiencing almost no angina.

N0005

Please describe any internal changes experienced relative to pain and tissue inflammation:

much less joint discomfort more active physically.
I work in a West Fraser Mill by Rocky M. Hemp.
play hockey, flight instructor, rancher.

Please describe any internal changes experienced relative to pain and tissue inflammation:

I used to get pains in my fingers & toes
or I don't know if it is the Hemp, but if
it is that is ~~great~~ great.

Please describe any internal changes experienced relative to pain and tissue inflammation:

I never had any problems with pain and tissue inflammation
and maybe now when I began my menopause
hemp hearts keep me on the same level like
before. I noticed that when I pause my hemp hearts
intake I experience some pain in joints, but after eating them
for 3 or 4 days in a row. The pain disappears and my energy level
increases.

Please describe changes to blood pressure indicative of changes in the elasticity of arteries:

Please describe any internal changes experienced relative to pain and tissue inflammation:

Previous wrist pain has improved.
