

My name is Jairus I'm a (former) National Team Athlete living here in Victoria, BC.

Sidelined by injury these past few years, I am making my re-debut back into the sport of triathlon this year, and have found your More-Than-a-Square-Meal Hemp Bar product to be amazing. Simply awesome- one of the best products I have ever seen!

A close friend of mine, Nino as well as Rick another acquaintance of mine, I believe are both loyal customers of yours, and they speak very highly of your salesmanship!

Needless to say, I would very much like to place an order with you!

I will be using this first order to promote your outstanding product to some of the most high performance endurance athletes in Canada, who I live and train with here in Victoria, BC....I am confident that I will be contacting you with some impressive order opportunities!

For almost ten years we have been manufacturing and marketing a food product called Hemp Hearts (shelled hemp seed) which, by laboratory analysis, is an excellent source of protein, omega fats and essential nutrients, but which contains virtually no sugar or starch.

Please describe yourself and the length of time that you have been using Hemp Hearts:

I have been taking Hemp Hearts for a few years. The odd time when I'm without them my health problems worsen a great deal. They are life saving for me. I have many serious problems that improved overall when I started the wonderful Hemp Hearts. It upsets me greatly to think of not being able to take them.

We claim that diabetics who use Hemp Hearts in quantity each morning with assorted vegetables, totally avoiding sweet fruit, starches and processed foods--minimizing their weight--are often able to improve circulation and reduce their dependence on insulin.

Please describe your experiences with Hemp Hearts and any serious health condition:

Nil health problems.

We just like it!
